

The Spanish team Mas Slot wins the 2nd NINCO WORLD CUP

Verona welcomed a spectacular competition hosting 16 teams with the highest level

Team Ninco Italia and BRT Italia completed the podium and Davide Ferri (Mondoslot) won the prize for the fastest lap

The Spanish team Mas Slot was the brilliant winner in the second edition of the NINCO WORLD CUP International Championship, which was held on December the 2nd and 3rd in Verona (Italy). Two local teams, Team Ninco Italia and BRT Italia completed the podium. 16 teams took part in the competition; 8 of them were Italian and 8 were foreign teams coming from Belgium, The Netherlands, Spain, Portugal, England, the US and Argentina.

All of them had overcome the qualifying rounds in their own countries, that is why Verona's big final offered the highest level, with very hard fights in all of the positions. The battle between Mas Slot and Team Ninco Italia for the 1st position was spectacular, and so was the one between BRT and Ninco Italia due to the latter being penalised 10 laps for an absent marshall.

The considerable crowd that attended the event enjoyed a brilliant display and was able to observe "in situ" how a high level competition event is staged. Finally, there were prizes for all participants and a very special one for the fastest driver, the one who performed the fastest lap during the six-hours competition: Davide Ferri (Mondoslot Team).
